Black Community Festival '81

Friends,

Beginning in August, KRAB has introduced a change of schedule planning from a free-form schedule with open time slots to block programming. This technique, used by many independent and community stations throughout the country has many advantages to the listener and programmer alike. Among the innovations of the new KRAB schedule are easily identifiable time slots for public affairs (2:00 to 4:00 and 7:00 to 8:00 weekdays) and music, weeknights 8-10 and 10-12, earth music 4-6:30 weekdays and an attempt has been made to create better transitions from program to program on the weekend. We are endeavoring to create more consistent programming, as well as better technical quality in our programming. These efforts should combine with listener enthusiasm to help us meet our membership needs and financial goals with greater ease. We are excited about the possibilities of the new schedule. Those of you listeners looking for certain kinds of shows will find them more closely meshed in the schedule: for example, folk music shows can be found Monday and Thursday nights from 8-10 p.m.; "new music" shows Thursday and Friday nights from 10-12 p.m.; Reggae fans will recognize Saturday as an Ivie day. Folks interested in issue-oriented shows, talk and public forums who work during the day now know they will be able to find KRAB public affairs programs in the evening from 7:00 to 8 p.m. Try to be aware that we have lost very few shows and bear with a time change of your favorite show. Realize that it was done in the best interest of the station as a whole and with the long range happiness of the listener in mind. Your comments and suggestions are welcomed and should be addressed to me here at the station. Thank you all for your continued support.

THE NEXT MEETING OF THE JACK STRAW MEMORIAL FOUNDATION, LICENSEE OF KRAB-FM, WILL BE TUESDAY, AUGUST 11th AT 7:30 P.M. AT KRAB. THE ENTRANCE TO KRAB IS THE REAR OF THE BUILDING AT 2212 S. JACKSON STREET.

PROGRESS REPORT OF THE DEPARTMENT OF ENERGY PROJECT

At this time, the KRAB construction crew has completed approximately 65% of the funded alternative energy directions KRAB is pursuing. We look forward to completion of the rock storage bin, as well as the passive direct-gain rental space by the end of August. A heat exchanger for the studio facilities is also on the horizon.

Currently under way on the KRAB premises is a Summer Youth Employment Project funded by the city of Seattle. The goal is to develop the adjacent lot of the KRAB facility into a community multi-use park, that may be the site of future broadcasted KRAB affairs. The youths who are helping put the park into realization as well as other KRAB necessities are: Angela Dorsey/James Haines/Richard Hansen/Chung Hung Quoc/David Shaw/Rodney R. Stephenson/Chuck Torres/Eddie White.

These folks will be at the KRAB site until the third week of August and greatly appreciate visitors. Supervised by Kevin O'Connell and Keith Dublanica, and designed by Kevin, we look forward to a successful project development. Planned are terraced gardens that will receive seedlings from the KRAB Solar Greenhouse, dwarf fruit trees from the International Gardens, benches, bike racks, and recycling bins. We are in need of any materials helpful to an outdoor "park" concept: * railroad ties for retaining walls * plumbing supplies for running H₂O lines (and expertise) * fruit trees * shrubbery (any adaptable specie, particularly flowering and fruit-bearing) * exterior lighting devices (and expertise) * topsoil * quality lumber * LABOR FOR OUR PREGNANT PROJECT

PLEASE CALL BEFORE YOU DROP BY AND WE'LL PUT YOU TO WORK. LISTEN TO KRAB FOR WEEKEND WORK PARTIES. BRING A SMILE, LUNCH & DESIRE.
